ACCRUAL TEMPLATE

Column Header Definitions

Definitions are provided below for user reference when completing and submitting an OnCore Accrual Template. The row headers listed here appear in Row 2 of the Accrual Template tab.

Term	Requirement	Definition
STUDY_NO	Required	This is the IRB Number.
CONSENT_DATE_OR_ONSTUDY_DATE	Required	This is the date the subject signed consent or went on study.
GENDER	Required	This is the subject's gender.
ETHNICITY	Required	This is the subject's ethnicity.
RACE	Required	This is the subject's race.
STUDY_ID	Optional	This field is optional. You may provide the subject's identifier. Alternately, you may use a numbering sequence such as 1, 2, 3, etc. This field is only used for communication in case something seems incorrect in the dataset.
AGE OR DOB	Optional	This field is optional. You may provide this information in three different ways — Age, DOB, or Age Group — whichever is the easiest to get from your system. This helps us distinguish pediatric patients from adults.
ZIP	Optional	This field is optional. You may provide this information or leave it blank. This helps us identify the overall geographic distribution of subjects.
